WLSSD Honored for Financial Excellence for 39th Consecutive Year

(Chicago, IL)—The Certificate of Achievement for Excellence in Financial Reporting has been awarded to Western Lake Superior Sanitary District’s Finance Department by the Government Finance Officers Association of the United States and Canada (GFOA).

The Certificate of Achievement is the highest form of recognition in governmental accounting and financial reporting, and its attainment represents a significant accomplishment by a government and its management. The report has been judged by an impartial panel to meet the high standards of the program including demonstrating a constructive “spirit of full disclosure” to clearly communicate its financial story.

“It is extraordinary that WLSSD’s Finance Department has been recognized for excellence for 39 consecutive years,” said WLSSD executive director, Marianne Bohren. “This notable achievement is not easily earned. It truly illustrates the exceptional leadership, dedication and hard work of our Director of Finance, Cathy Remington, and our talented finance team.”

Government Finance Officers Association (GFOA) advances excellence in government finance by providing best practices, professional development, resources, and practical research for more than 21,000 members and the communities they serve.

Western Lake Superior Sanitary District wastewater and solid waste services to residents, businesses, and industries within its 500 square mile legislative boundaries in Southern St. Louis and northern Carlton counties and is a nationally recognized leader in pollution prevention.
