Western Lake Superior Sanitary District

**RESOLUTION 03-21
ESTABLISHING MINIMUM STANDARDS
FOR DESIGN, CONSTRUCTION AND INSPECTION
OF WLSSD AND CONNECTED MUNICIPAL SEWER LINES**

WHEREAS, the Sanitary Board of the Western Lake Superior Sanitary District (WLSSD) adopted on September 22, 2003, the WLSSD Comprehensive Wastewater Services Master Plan ("the Comprehensive Plan"); and

WHEREAS, the Comprehensive Plan recommended the establishment of minimum standards for the design, construction and inspection of WLSSD and connected municipal sewer lines.

NOW, THEREFORE, be it resolved that the following minimum standards for design, construction and inspection are hereby established:

1. City Engineers Association of Minnesota Standard Utilities Specifications (CEAM), Section 2600 and 2621 as now established or as hereafter amended, provided such specifications shall be modified to include the supplemental standard and specifications listed in Section 1 of **Attachment A**. Conformance with these standards and supplements shall be acknowledged by completing the checklist set forth in **Attachment A**.
2. A municipal peak flow standard as shown in Section 2 of **Attachment A** is hereby established.
3. Full-time inspection to the extent set forth in Section 3 of **Attachment A** is required.
4. The minimum inspector duties set forth in Section 4 of **Attachment A** are hereby established.
5. Closed circuit televising of new sewer construction as set out in Section 5 of **Attachment A** shall be required.
6. Policy on use of polyvinyl chloride products is established and recommendation thereon is made all as set forth in Section 6 of **Attachment A**.
7. Certain supplemental specifications for trench backfill and manhole installation as set forth in **Attachment A** are hereby established.

8. The WLSSD checklist for sanitary design submittals as set forth in Attachment A is hereby established.

DATED this 6th day of October, 2003.

SANITARY BOARD OF THE WESTERN LAKE
SUPERIOR SANITARY DISTRICT
